### A few things to keep in mind:

- **Always keep your receipts.** We may need you to submit your receipt to substantiate your claim or the IRS may require it to verify certain expenses.
- Only expenses incurred **DURING YOUR PLAN YEAR** are eligible for reimbursement.
- Even if an item is listed as eligible, **you may still need to substantiate your claim** with a receipt or other documentation.
- If an item contains an active medical ingredient, you will usually need a **prescription** from your doctor to be reimbursed for that expense.
- The following symbols indicate if an expense is eligible, requires a prescription or letter of medical necessity, or is not eligible:

 = Eligible Expense      **LMN** = Eligible with Letter of Medical Necessity from your Provider       = Eligible with Prescription       = Not an Eligible Expense
